Focused Shockwave Therapy

Presenters:

Kristen Mitchell, ATC

Dr. David Norton, DO

CEU: 2.0 Category A

Learning Objectives:

- 1. Discuss the mechanism of action for focused shockwave for a scope of orthopedic conditions**
- 2. Identify the clinical indications and contraindications for use of focused shockwave**
- 3. Review the literature to support the efficacy of focused shockwave for treatment for Plantar Fasciitis and Achilles tendinopathy**
- 4. Apply shockwave therapy and educate patient on expected outcomes, signs, symptoms, and clinical monitoring**
